

**MEMORANDUM**

**TO:** David McDevitt, Development Services Director  
**FROM:** Jean Gregory, Planning Manager  
**SUBJECT:** Ordinance Amending the County Sign Code Provisions  
**DATE:** November 28, 2005

---

The Tallahassee-Leon County Planning Commission reviewed the proposed revisions to the County's Sign Code at their November 9, 2005 meeting. The revisions relate to the allowed locations of off-site advertising signs, the clarification of the prohibition of stacked off-site advertising signs, and the allowance of the multi-face off-site advertising signs. Staff noted that the Comprehensive Plan does not address signage at the level of detail in the proposed Ordinance. The Planning Commission voted to find the proposed Ordinance consistent with the Comprehensive Plan.

In a separate action, the Planning Commission voted to recommend to the Board that they initiate amendments to the Land Development Regulations to address a viewshed for Lake Jackson.
